

Design

We are deeply passionate about design. To us design means more than just a TV that looks good. We work with first-class materials to create a product with great attention to detail, a high-quality look and feel, and a rich finish. We call our design philosophy European Premium Craftsmanship.

Perfect Natural Motion

You love watching movies, but demand the best image possible. Perfect Natural Motion is a Philips award winning motion enhancement technology that resolves judder, providing you with the ultimate smooth moving image.

Perfect Pixel Ultra HD Engine

Building on our award winning UHD Picture Quality heritage, we've elevated high definition Picture Quality to a whole new level. The picture processing algorithms of our Perfect Pixel Ultra HD engine convert any input picture into crisp 4K Ultra HD resolution on your screen

Ambilight

Our unique Ambilight technology amplifies your viewing experience thanks to LED lights at the back of the TV that follow the on-screen action in real time. Unlike traditional TVs, Ambilight generates a soft ambient glow around the screen, creating a more immersive viewing experience. Ambilight brings you a viewing experience beyond the ordinary.

Android TV

Philips Android TV™, our Smart TVs are so intuitive and easy to use you'll have everything you want in no time: Google™ services, On Demand movies and more games and apps than ever before.

Gaming

Easily download and install games from the Google Play™ store and Philips app gallery. There are a great variety of games for every age, taste and gaming level. Simply pick a game to play on your TV. And, with 8GB of memory expandable, there is plenty of room for all your favorite games!
